Literature Survey

A **literature survey** is an overview of the previously published works on a specific topic. The term can refer to a full scholarly paper or a section of a scholarly work such as a book, or an article.

A good literature review can ensure that a proper research question has been asked and a proper theoretical framework and/or research methodology have been chosen.

Abstract

Personal Expense Tracker is a day-to-day expense management Application designed to easily and efficiently track the daily expenses done via both online and offline through a computerized system that eliminates the need for manual paper tasks that systematically maintains records and easily accesses data stored by the user.

Introduction

An expense tracker is a software or application that helps to keep an accurate record of your money inflow and outflow. Many people in India live on a fixed income, and they find that towards the end of the month they don't have sufficient money to meet their needs. Some of these apps also offer budgeting tools, credit monitoring, mileage tracking, receipt keeping, and advice to grow your net worth.

Survey

Most people spend less than half of their income. Very few people track their expenses on a regular basis. MS Excel is the most popular expense tracking tool.
